## Third Round Awareness Report

22<sup>nd</sup> – 31<sup>st</sup> October 2012

Report number: 2012-19

Date: 15 December 2012

Prepared by: Perina Susu and Waisele Mataitoga

Cover page picture: Community consultations with the landowners of Taveuni. By Perina Susu

## 1.0 Introduction

The third round of awareness commenced on Monday the 22<sup>nd</sup> of October to Friday the 2<sup>nd</sup> of November 2012 (Annex 1) and was officially opened by the Assistant Roko Taveuni, Mr. Aloesi Rasaciva.

The team comprised of iTaukei Land Trust Board (TLTB) and Department of Forests (DOF, Ministry of Primary Industries) staff and 10 landowners who participated in the Viti Levu tour.

The inclusion of the iTLTB and DOF personnel in this round of awareness was to address the questions and issues raised by the landowners during the second round of awareness (see NFMV Report 2012/16).

Except for the Vanua o Bouma, the remaining thirteen (13) mataqali have given their approval and support the establishment of the Taveuni National Park.

Generally, there was a 60% turnout in all the meetings.

Overall members from the mataqali, Matakuro, Qali, Naituku, Vidawa, Lekutu, Naqeru, Nacivaciva, Nasuva, Valelevu (Lovonivonu), Lawaki, Cakaudrove, Vusaratu (Tavuki) & Vusaratu (Vuna) attended the meetings. A summary of their representation by mataqali is given in Table 1.0 below. Of these attendees, 35 were women, 161 were men.

Table 1.0: Summary of attendees of the 2<sup>nd</sup> round of the Taveuni National Park consultations by Mataqali.

## 2.2 TLTB and DOF presentations.

The presence and presentations made by the two personnel from these two organizations has enlightened the landowners on their doubts and questions raised during the 2<sup>nd</sup> round of awareness.

The major issues of discussion during the awareness included:

- Leasing of the Forest Reserve.
- The landowner's participation in its development.
- Lease area per mataqali.
- Sightings of the maps of the two Reserves clearly indicating respective mataqali's boundary.
- The validity of the Taveuni Forest Reserve Lease.
- Clarification of the Ravilevu Nature Reserve – What Crown Freehold Land means.
- Ownership of the Ravilevu Native Reserve which still needs to be clarified to the two mataqali claiming to be the rightful owner. (Mataqali Matakuro & Vunimakita of Lavena and mataqali Vusaratu of Vuna)

The presentations by the two officers have brought out issues such as:

- i. Trainings - the involvement of the mataqali in the setting of the Park. The need to have trainings for professional tour guides which should involve the participation of the landowners.

- ii. The landowners involvement in the recent Blue Line marking by the Ministry of Forestry has also brought out the possibility of having a walk way or track around the island.
- iii. Formulation of the mataqali Trust which should be their arm to the steering committee. It was also highlighted to the mataqali's that the lease money for the Taveuni Forest Reserve has been withheld by the iTLTB unless respective mataqali formed their own Trust and opens its Trust Account.
- iv. The importance of re-visiting the mataqali members in the urban areas with the major objective of relaying the current status of the project.
- v. Official launching day of the Taveuni National Park which is to be discussed at a later date.
- vi. The need to have awareness to the other stakeholders within Taveuni.

### **2.3 Taveuni Tourism Association Meeting.**

The Taveuni Tourism Association invited NF-MV into their meeting on Thursday 1<sup>st</sup> November.

The association has render their full support for the establishment of the Taveuni National Park and are willing to donate any assistance to the NF-MV office whether it be in kind or finance.

### **2.4 Heads of Department Meeting.**

NF-MV presented to the HOD's at the Cakaudrove Women's Resource Centre on Friday 2<sup>nd</sup> November.

Despite having to present at the end of year, the District Officer Taveuni has also committed their service to the establishment of the project.

## **3.0 Recommendations:**

- i. The Vanua o Bouma is still reluctant to agree to the inclusion of the Bouma National Heritage Park in to the Taveuni National Park. For this reason, it is recommended that there be another round of discussion with the five (5) mataqali within the Vanua o Bouma together with National Trust of Fiji.
- ii. Mataqali Matakuro (Lavena) and Mataqali Salialevu (Vuna) are still adamant that they are the rightful owner of the Ravilevu Nature Reserve. There is a need to arrange a meeting with the Lands Department to clarify this issue.
- iii. Since we are in partnership with the Cakaudrove Provincial Office, it is recommended that Assistant Roko Taveuni to officially converge meetings with the Turaga ni Mataqali to officially endorse the approval of their participation in the Taveuni National Park.

- iv. There is still the need to have the mataqali members residing in the urban areas be informed of the project's current situation.

#### **4.0 Conclusion**

With the completion of this third round of awareness thirteen (13) of the eighteen (18) mataqali have given their consent to the establishment of the Taveuni National Park.

Four (4) of the five (5) mataqali within the Vanua o Bouma have also given their approval to the establishment of the Park but with the exclusion of the Bouma National Heritage Park. Mataqali Naituku of Korovou, Bouma is the only mataqali reluctant to the formation of the Park.

The participation of the ten (10) landowners selected from the Viti Levu Tour to be facilitators during this programme was greatly appreciated. Sharing their experience and the lessons learnt from the tour also motivated landowners in agreeing to the establishment of the Taveuni National Park.
