

# CEPF Small Grant Final Project Completion Report

Complete the following report worksheet to provide CEPF with an overall summary of the results of your project. Within the narrative section, responses should be concise, but include sufficient detail to present a clear understanding of the development and progression of this project.

<b>Date of Report (MM/DD/YY)</b>
10/02/2003

Organization Information
<b>Organization Name</b>
Eco-security Task Force / China Council for International Cooperation on Environment and Development
<b>Project Name</b>
Extending copies of "Restoring China's Natural Vegetation"
<b>Project Dates (as stated in the contract agreement)</b>
July 1, 2003- July 31, 2003
<b>Partners</b>
<b>Project Description – Provide a brief description of the project your team implemented.</b>
The book of "Restoring China's Natural Vegetation" was written by Dr. XIE Yan, and published in 5000 copies with funding from the CCICED. With the fund from CEPF, 3,027USD, additional 5000 copies were printed. These copies were sent free to biodiversity related institutions including Environmental Departments, Forestry Departments, Nature Reserves, researchers in universities and CAS, and so on. The booklet has well recognized by readers.

Narrative Questions
<b>1. What was the initial objective of this project?</b>
Improving awareness on importance of natural vegetation and principles for restoration.
<b>2. Did the objectives of your project change during implementation? If so, please explain why and how.</b>
No.

**3. How was your project successful in achieving the expected objectives?**

The extended 5000 copies were sent widely to people who may need it throughout of China at national, provincial and county levels. This is the first book guiding natural restoration that so widely distributed. It is highly recognized and has changed many people's mind on what is real restoration.

**4. Did your team experience any disappointments or failures during implementation? If so, please explain and comment on how the team addressed these disappointments and/or failures.**

No

**5. Describe any positive or negative lessons learned from this project that would be useful to share with other organizations interested in implementing a similar project.**

Scientific studies should be explained in a more public way in order to guide public practices.

**6. Describe any follow-up activities related to this project.**

After publication, it has been well distributed and also put on the internet so that more people can get the book.

**7. Please provide any additional information to assist CEPF in understanding any other aspects of your completed project.**
