Subject : Request for Support

Dear Mr. Sumardja;

In responding to the CI's letter no. 049/19/LL-CD/01 dated November 19, 2001 requesting support for CEPF Sumatra Ecosystem Profile, a program created to response to the rapid destruction to the Sumatran forest, on behalf of the Ministry of Forestry, we fully endorse the proposed program. It is expected that the program will compliment our existing conservation activities in Sumatra. We believe that the program will help slowing down the forest destruction and avoiding species extinction.

We are looking forward to collaborate with CI in implementing the program. Should you require more information on this endorsement letter please do not hesitate to contact us.

Sincerely yours,
